

## **Transfers**

If the Massage School you attended is not on the Washington State Approved Massage School list you will need to receive transfer documentation from an approved school.

Alexandar School of Natural Therapeutics is on the approved program list and provides more than the required amount of hours. The State Requirements for classroom hours are broken down as follows:

265 hours of Theory and Practice of Massage

130 hours of A&P and Kinesiology

55 hours of Clinical/Business practices

50 hours of Pathology

You must fulfill or exceed these requirements in order to transfer into Washington State.

You must successfully complete and pass the National Certification for Massage and Bodywork Examination.

We would be happy to assist you in this process.

Please call the school at 253-473-1142 for further information
